Penny Farmer Has Undulant Fever; Tests To Be Made

Phipps to Test Cows For
Bang's Disease; Exams
Are Free

With Dave Sutherland, prominent farmer of the Penny community, in the Outwood Veterans' hospital near Dawson Springs with undulant fever, a dangerous disease difficult to cure, farmers in that community and throughout the county answered an appeal from County Agent J. T. Cochran to have their cows tested for Bang's disease.

Humans contract undulant fever only by drinking the milk from cows having Bang's disease.

E. C. Phipps, State dairy diagnostician, will begin tests for Bang's disease in cattle in Calloway county Monday. He will begin bleedings in the Penny community first, where applications for tests for more than 120 cattle have been made.

Cochran said this morning farmers have applied for Bang's disease tests for more than 200 cattle and more applications are coming in daily.

Two hundred cattle to be tested were necessary before the State department would send a man to do the testing.

Bang's disease tests are free. Cattle affected are sold at market price at a slaughter house by the State and the money turned over to the owner of the animal sold.

Sutherland, who has been ill for more than three weeks, was reported today still to be in critical condition.

Undulant fever—so named because of the constant variation in temperature of the patient—is a relatively new disease in America, but in European countries its reputation has long been established.

Bang's disease—commonly known among herdsmen as contagious abortion—has a record among the cattle states of the West.

College Orchestra To Broadcast From WSM Friday Night

Radio listeners in Tennessee and Kentucky—as well as elsewhere—will be in for an unaccustomed treat Friday night at 10:30 when the Murray State College symphony orchestra broadcasts for 30 minutes from Station WSM, Nashville.

The program is one of the regular "Teachers College of the Air" series and this year will mark Murray's fifth annual concert to be broadcast over WSM.

The following students from Murray will take part in the broadcast Friday night: Jane Sexton, Van Valentine, Lattie Venable, Theda Wilkins, E. P. Ingalls, Harlan Ingalls, Daisy Hinkle, Martha Lou Hayes, J. Garton, William H. Fox, Marcia McEwen Fox, Beth Foshee, Price Doyle, and Mary Elizabeth Roberts.

PROGRAM TO BE BROADCAST

Mr. George R. Gregg, Oak Park, Ill., will conduct the next Christian Science program of the Columbia Church of the Air on Sunday, December 4, at 9 o'clock in the morning. Mr. Gregg may be heard over Station WHAS, Louisville.

Caldwell county farmers are purchasing purebred Jerseys and Guernseys to enlarge and improve their herds.

HEAR YE HEAR YE HEAR YE! IT PAYS TO ADVERTISE IN THE LEDGER & TIMES

"Piano tuning—John Travis, former Murray College student will be in Murray Saturday, November 5th. Call 372-W for appointment."

Believe it or not, one insertion of this advertisement brought Mr. Travis \$24 worth of work tuning pianos.

If you have anything to buy, sell, trade, or work, lost or found it will pay you to advertise in the Ledger & Times.

The Classified Column of the Ledger & Times represents an active market for everyone, and is worthy of the small advertiser who cannot afford to use display space, due to his small business.

Arnett Announces As Candidate For Governor in 1938

Charles D. Arnett, Louisville, secretary of state, got the jump on rival candidates Monday by announcing as a candidate for the Democratic gubernatorial primary in 1939.

The secretary of state is expected to have a number of rivals in the race before long.

Senator M. M. Logan in Washington is boosting Lawrence Hager as a candidate for the Governorship, and Gov. A. B. Chandler has already given his endorsement to Lt. Gov. Keen Johnson. John Young Brown, former Congressman from Lexington, is reported to be planning to seek the Democratic nomination.

Starks Proves by Experiment Value Of Fertilization

Strawberry Crop Produces
More Crates After Phos-
phate Treatments

Results of an experiment dis-
closed today through the office
of the county agent here revealed
that Raymond Starks, farmer of
the Blakely community, gained a
maximum increase in income of
\$54.75 over normal receipts by ap-
plying phosphate to an acre of
strawberries.

Although only portions of an acre were used in any one dem-
onstration, all figure calculations
were made on the basis of one
acre.

Starks had seven plots on relatively
the same quality soil. The
first plot received no treatment,
and on an acre basis produced 99
crates of berries. In order to be
conservative, Starks in computing
his results figured his berries at
\$1.50 per crate.

The second plot, treated with 100
pounds of phosphate per acre pro-
duced 104 crates, an increase of
5.4 crates over the untreated plot
and a monetary increase of \$8.10
after the cost of the fertilizer.

On the third plot, Starks distrib-
uted 200 pounds of phosphate, pro-
ducing 116 crates, an increase of
17.1 crates over the untreated plot
and \$23.25 more money than he
would otherwise have received.

The fourth plot, with 300 pounds
of phosphate being applied, showed
a gain of 23.2 crates and \$34.20
profit over the original.

Starks' experiment faltered a lit-
tle on the fifth plot on which he
distributed 400 pounds of phos-
phate, the increase in crates being
the same as for 300 pounds, but
the profit dropping the cost of the
extra 100-pounds of phosphate. He
attributed this, however, to an
uneven stand of berries on that
respective plot.

On experiment number 6, Starks on an ap-
plication of 500 pounds of the fer-
tilizer realized an increase of 40.5
crates per acre and a net profit of
\$54.75, the maximum of the ex-
periment. On another plot, which
he said was shippy, Starks ap-
plied 800 pounds of phosphate, but
his increase in crates was only 38
and his profit was \$45.

The untreated plot ripened four
days later than the treated, and
there was a larger variation in the
size of the berries. Twenty per
cent phosphate was used.

Want to Swap Your Limousine for a Tractor? Mr. Scott to Display One That'll Make You Consider Twice

If you should happen to see a sleek powerful looking streamlined modernistic-looking vehicle gliding by on the highway or on the streets of Murray next Friday, December 9, don't be alarmed. It's not an invasion from Mars. Chances are it will be the new MM Comtractor coming to town under the sponsorship of J. R. Scott & Son, equipment dealers.

Recognized as the most modern tractor, this latest creation is fully equipped with a sound-proofed safety cap, cushioned seats, radio, heater, self-starter, electric lights, windshield wipers, safety glass, electric horn, fan, cigar lighter, ash tray, sun visor, rear vision mirror, clock, ignition and cab door locks, and a handy group of instruments on the dashboard; namely, an ammeter, oil temperature and gas gauges, speedometer, ignition and light switches, throttle control, and choke knob.

But don't let the luxurious surroundings of this model fool you. It is fully capable of performing any task required of a standard tread tractor of 3 to 4 plow power. By simply removing the front fender, this modern tractor is ready for heavy duty belt work, long hauling jobs, and a handy group of tools with road speeds and with the variable speed governor it should handle every job at just the right speed. Provision has also been made for the easy installation of a power-take-off.

Mr. Scott cordially invites all farmers of this county to Murray a week from tomorrow from 8 a. m. to 4 p. m. to see his new tractors in action. Don't miss the fun!

Purveyor Route 3

On Tuesday of this week Mr. and Mrs. Charlie Wicker moved to their new home with Mrs. Wicker's grandfather Jim and "Aunt" Emma Hooper. We are glad to have the Wicker family for our neighbors.

The sick people of this vicinity are all improved.

We are sorry to know that so many of our friends are slipping away from us on account of death but we know it is the Lord's will and we know he knows best and we feel that our loss of them is heaven's gain.

Little Swan, at Parks, we are all wanting you, William B. Morris say "come up and eat sausage with him."

"Old Maid" don't think you are so far away now you can't come back to see us and don't fail to write to the Ledger and Times so we can hear from you.

Mrs. Odie Morris purchased 14 nice ducks last week, increasing her flock to 28.

For The

Utmost In Winter Comfort!

Modern Beauty — Perfect Comfort
Proven Economy

First in appearance, first in construction, and first in popularity—that's the AMERICAN Sun Flame Oil Burning Heater you will get in full measure all the conveniences you are looking for, for here is a heater that gives uniform, dependable heat, day in and day out.

Two types of heating units—"Economizer" and "Round Drum"—are available, thus making it possible to select a heater which best meets the particular requirements caused by climate, altitude, and draft conditions. Your dealer will gladly explain the difference.

Sun Flame Heaters may be operated from the attached fuel tank, or may be connected to an outside storage tank. They burn inexpensive fuel oil and are constructed to extract the utmost heat from the fuel consumed with the result that their operating cost compares favorably with appliances that burn the cheapest fuel obtainable.

AMERICAN Sun Flame Heaters burn low priced fuel oil. The heating unit is made of steel and is electrically welded to make it gas tight. The burner has no wicks or moving parts and is silent in operation. Because of the improved construction of the heater, it extracts the utmost heat from the fuel with the result that the operating cost rarely exceeds that of the lowest priced fuels obtainable. In many cases it has proved to be even cheaper to heat a home with a Sun Flame Heater than with any other type of heater or fuel such as previously used.

There is a Sun Flame Oil Burning Heater to meet your requirements. You can enjoy absolute freedom from lagging in wood and coal and from the mess and dirt that comes from ashes and coal dust. You can be free of constant stove tending—of shivering one minute and freezing the next. With an AMERICAN Sun Flame Oil Burning Heater you will get in full measure all the conveniences you are looking for, for here is a heater that gives uniform, dependable heat, day in and day out.

Calloway Farmers, Lockhart and Vinson, Experiment with Types of Cover Crops

Growing on farms of C. A. Lockhart and Bub Vinson, who live west and east of Murray, respectively, are check plots of winter grasses and grains, and from these plots Lockhart and Vinson are to determine the best type of winter cover crop to use on local soils.

Among the grasses seeded are varieties of wheat, oats, Italian, Bulbo and common rye, orchard grass, Kentucky blue grass, hairy vetch, crimson clover, winter peas and broom sedge.

Good stands appeared in most every plot. Final determination of the relative value of the seedings for the purpose desired will be made in the spring.

The land plots were sowed under the direction of County Agent J. T. Cochran, who is keeping a record of growth of the fields.

IN MEMORY

In loving memory of our grandmother who passed away May 11, 1937.

God called you away.
He called you up to heaven.
He called you to his home.
We know it was his blessed will
That you might go away.
But we hope to meet you again
On that Resurrection Day.

So just sleep on Grandmother,
Sweet may be your rest,
We loved you dearly
But God loved you best.

Loving and kind in all her ways,
Upright and just to the end of her days,
Sincere and true in her heart and mind,
Beautiful memories she left behind.

A precious one from us has gone,
A voice we loved is stilled,
There is a vacant place in that home,
That never can be filled.
Sadly missed by a granddaughter,
Goldie Ramsey.

Kirksey High School News

We have again settled down to our studies, which we find quite a task after our recent Thanksgiving holidays.

The opera was given Wednesday night before Thanksgiving as we planned. It was something new to the people of this community and the number present attested their great interest and curiosity.

The Mothers Club is planning to present a "Womanless Wedding" December 70, at this school. The list of characters will be given next week.

On Wednesday, November 30, Carl Burgess with his ventriloquist show was scheduled for a performance at our school.

Our last chapel program was given by the third and fourth grades. They gave us a delightful half hour of entertainment, and their program was prepared better than many given by higher classes. The program consisted of a reading, Evon Suter, play, Bobby's Thanksgiving; a reading, Clarice Palmer, color drill, by 12 children. The Lynn Grove Wildcats defeated our Eagles 29-19 last Tuesday night on the Lynn Grove floor.

The second team, more successful, defeated Lynn Grove's second quarter 13-9. Our next encounter will be with Faxon, Friday night, December 2, on the Faxon floor.

Third and Fourth Grade Honor Roll

The third and fourth grade honor roll for the third month is as follows:

Third grade: Clarice Palmer, James Jones, James Vaughn Edwards, Doris Ann Pool, Evon Suter, Charles Thomas Bagwell.

Fourth grade: James Coleman, Mary Alice Wilson, Joette Suter, Mary Ruth Jones, Roy Marine, Rob Staples.

Junior High-Senior High Honor Roll

The junior high and senior high honor roll for the second six weeks is as follows:

Seventh grade: Ruby Jo Parker, Malvena Harris, Josephine Darnell, Ola Mae Cathey.

Eighth grade: Virginia Marine, Charles Wilkerson, Laura Lynn Radford.

Ninth grade: Elizabeth Jones, Angie Dean Myers.

Tenth grade: Meredith Story, Willie Mae Hargis, Frances Fuqua, Margaret Nell Cole.

Eleventh grade: Harry Douglas, Kathleen Myers, Joe Jones.

Twelfth grade: Because of one of our requirements concerning the honor roll, the following students missed the honor roll by absence from classes:

Willie Dean Pace, Marcie Riley, Dorothy Workman, L. C. Miller, Robert Carlton, James Carlton, Alice James, Mary Belle Pace, Nora Mae Coleman, Imogene Du-lancy, Sue Marine, Dorothy Neil Jones, Dorothy Nell Hughes, Agnes Greenfield, Lauraine James.

Despite Loss of Cage Stars Murray Prospects are Good

Although graduation and the blades of misfortune have cut deep gashes in the 1939 Thoroughbred basketball team, the Cutchmen are looking to a fairly successful season.

Such stars as Capt. Gene Bland, All-SIAA guard; Walter Murray, James Hurley, Ralph Love, and Robert Brown are returning to the fold after graduation removed All-SIAA stars, Ethridge McKeel and Floyd Burdette. Another All-SIAA performer of the last year's squad was Ross Magruder who joined Uncle Sam's army and is in the Canal Zone recovering from injuries received in a fall.

Bill Carnes, fourth who so ably took Burdette's place in the National Tournament at Kansas City last season when the towering red-head became ill, has not returned to school since taking a state highway job during the summer months, but will probably return to school at the end of the present nine weeks.

The '39 squad will be lacking in height, but with the several seasoned veterans returning Coach Cutchin and his racers should enjoy a very successful season. Several very promising sophomores will add strength to the squad however. Among these are Leslie McKeel, brother to "Big Mac", Thomas Neathamer, Joe Baker, Carlisle Wallis, Lon Wright, Bill McMurray, and Marshall Cope-lan.

Games with Western, Union, Middle Tennessee, West Tennessee, Delta State, Howard, Jacksonville Alabama Teachers, Morehead, Eastern, TPI, and several other schools probably will be scheduled. The famous University of Arkansas Razorbacks have also been booked for a game. The Arkansas team is still steaming from the 43-40 pounding under the hoofs of the Thoroughbreds last season.

MACEDONIA SCHOOL

By Miss Eva Mae Williams

We've finished the fifth month of school. Everyone is satisfied with his grade this month.

We had success with the program we presented before Thanksgiving. Everyone said they enjoyed it. We had several present and we're thanking you once more for attending on a very cold night.

Those making the highest grades this month are as follows:

First grade: Warren and Jean Williams; second grade: Betty Joe Lax; third grade: Jessie and Lavern Williams and Mary Mitchell; seventh grade: Eva Mae Williams, Bernice Wisheart, Clifton Mitchell, John Lax, Bobbie Grubbs and Veida Mae Hutson.

The Macedonia school will present a Christmas program December 23. We're inviting everyone to come. We'll have a Christmas tree and Santa Claus will be right there to give everyone a present.

County Students Debate Foreign Team at College

Robert Miller and John Brinn Match Eloquence With British Orators

Before an interested audience of 1000 students, faculty members, and visitors, Murray State College collaborated with Oxford and Cambridge Universities of England in Murray's eighth international debate held in the college auditorium here Tuesday evening, November 29.

Robert Miller, Hazel, Ky., negative speaker, and John Brinn, Murray, affirmative, represented Murray State.

The visiting debaters were: Christopher Paget Mayhew, Oxford, affirmative speaker, and Philip R. Noakes, Cambridge, negative.

The motion debated was: Resolved that American culture is decadent.

The affirmative debaters argued that the mental, moral, and physical status of civilization in America is deteriorating, as exemplified in art, music, literature, newspapers, dancing, language, manners, and training.

The negative speakers presented a 2-issue case: First, if no culture existed in America, it could not be decadent, second, America's progress in schools, churches, literature, and physical aspects indicated an improved civilization. Many high school debate teams with their coaches were present to hear the international forensic clash.

Among the universities included in the itinerary of the Oxford-Cambridge debate team were: Northwestern, Iowa State, University of Iowa, University of Missouri, Washington University, University of Kansas, Kansas State, Mississippi State, Auburn, University of Oklahoma, and Louisiana State.

While in Murray, Mr. Mayhew and Mr. Noakes were guests of Prof. and Mrs. Everett Derryberry for tea. Mr. Derryberry, a Rhodes scholar, and Mrs. Derryberry, formerly on the Oxford faculty, expressed themselves as delighted to make the acquaintance of the visitors from England.

Twenty million dollars worth of free food and merchandise will be given away at the 1939 World's Fair of the West on Treasure Island.

Not Everybody in Calloway county subscribes to the Ledger & Times but nearly everybody reads it!

Members of Troop 45 met Monday night at the Christian church parsonage. Ted Lemons, Allen Ervin, and Robert Hopkins passed tests on their Tenderfoot requirements and troop organization was perfected.

We were able to send in our final report on the "Organization Stockade" and seals will soon be received from headquarters to be placed on our Old Trails Roundup record, which complete one-third of our project. Each Scout of Troop 45 is urged to be present each meeting night and is asked to pay his Troop dues that we may be able to bring our budget up to date, thereby being able to gain another corral.

Jiggs Carnes, assistant scoutmaster, is bringing new ideas and plans to the troop. He has had wide experience in Scouting and Troop 45 wishes to express its appreciation for his willingness to assist in the Scout work in Murray.

The Paducah Area Council, with which we are affiliated, has set a goal to gain 200 new subscribers to the Boy's Life, Boy Scouts of America official magazine. We want to have our quota in by December 9. It will be necessary, however, that each Scout must have had paid in dues at least 38¢ which will pay for the magazine until April 1.

We are beginning work on Scout Anniversary Week which will be held February 5-11. Numerous projects and services will be held by all Scouts during the week. A church service will be held

for the Murray troop which will attend in a body. All parents and friends of Scouting are cordially invited to attend this special meeting. The date will be announced soon.

NOTICE, SCOUTS—For the next few weeks our regular weekly meeting is being held on Monday night instead of Tuesday. We have important matters to discuss and also the usual routine business to attend to and you will want a part in the work. If possible, be on time and in your place at the First Christian church at 7 o'clock.

Hart Says MSC Has Grown Much

There is no comparison in Murray State College now and the Murray Normal School that was established 15 years ago at the Murray High School," said George Hart, mayor of Murray and a former student at the college here.

Mayor Hart explained: "There is such a vast improvement in the school, in buildings, subjects, students, and teachers. When this school was first established, the majority of students were from Calloway county and a few from West Kentucky and Tennessee. In place of a high school building harboring a few students from Kentucky and Tennessee, our campus is now dotted with beautiful buildings. You now see many teachers, where then you saw only a very few. And our student body has grown considerably."

According to Mr. Hart's views, athletics also plays a more important part today and is better than when first organized.

"I believe that the football game November 4 with Southwestern was the best game that I have ever witnessed at Murray. I don't believe I have ever seen the boys play harder and better than they did that day," he added.

Again MINNEAPOLIS-MOLINE steps ahead and OPENS THE DOOR to a revolutionary advance in farm tractors. OPENS THE DOOR and seats the farmer in a cab as comfortable as that of his modern automobile. Of course, the MM is more than a tractor with a cab—it's a "COMFORTACTOR" with a cab as much a part of it as the cab on an automobile. There are comfortable cushion seats for two in the roomy air ventilated and temperature controlled cab with a hot water heater in cold weather and air circulation in hot weather. COMFORTABLY seated away from the dust and elements, the farmer has at his command FIVE SPEEDS forward—from a crawl to 40 M. P. H. Gears can be shifted "on the go". The variable speed governor is controlled like a foot pedal. Before the operator are the speedometer, ammeter, oil pressure gauge, and water temperature gauge. Almost any convenience he may name is at his command including such luxuries as a radio and a cigar lighter. A self-starter, and powerful electric head lights obey his touch. For night work there is a powerful spot light controlled from the cab that can be turned in any direction. Naturally, POWER and UTILITY have not been sacrificed to modern conveniences, and the new Special DE LUXE Model MM Tractor promises performance records as astonishing as its comfort features. SAFETY, TOO, has been a watchword—the Cab is made of Steel. Safety glass has been used throughout. Vision is excellent.

Tested and proved for several years in the Mohave Desert and under many other tough farming conditions we offer you this modern MM tractor that has every modern feature of the modern automobiles. Windshield wipers, and an electric horn respond to a touch. Big Bendix "self-energizing" brakes and smooth action clutch are foot operated. See the heavy duty bumper, fenders, front and rear, and many other features you'll want to read all about. HIGH COMPRESSION for using regular "leaded" gasoline is standard equipment for this 3-4 plow tractor with speed and power for every need on belt, power-take-off and on the drawbar in the field and on the highway.

Tucker-Henson Wedding
Solemnized in Paris Friday

Miss Alice Tucker, daughter of Mr. and Mrs. W. D. Tucker, of Hazel, and Lonnie Henson, son of Mr. and Mrs. W. T. Henson, Murray, were married Friday, November 25, in the First Methodist Church of Paris, Tenn., with the Rev. Lawrence Ludlow Coven reading the single-ring ceremony.

The attendants were Mr. and Mrs. Malcolm Presson of Huntington, Tenn.

The bride wore a rust color melon-suede costume with black accessories.

She is a graduate of Murray State College and has taught in the school system of this county, last teaching mathematics and science in the Hazel High School.

The groom holds a responsible position with the General Motors Corporation in Detroit, Mich., where he has been employed for the past several years.

Shortly after the marriage the couple left for Detroit where they will make their home.

Lovely Stork Shower
Mrs. G. B. Jones Is Given

A lovely stork shower was given for Mrs. G. B. Jones, Thursday afternoon, at the home of Mrs. Harlin Morris assisted by Miss Mabelle Ward.

The honoree received many useful gifts.

The only out-of-town guest was Mrs. Dale Travis of Washington. The hostesses served a delicious plate lunch carrying out the color scheme of pink and blue.

Outland-Erwin Wedding
Is Solemnized

A wedding of much interest to their relatives and friends was quietly solemnized at the Methodist parsonage on Thanksgiving morning, November 24, when Mr. George Lee Erwin and Miss Mary Lou Outland were united in marriage by the Rev. J. Mack Jenkins using the single ring ceremony.

They were attended by Miss Walena Scarborough and J. B. Phillips.

They will make their home here in Murray. The bride is the beautiful daughter of Mr. and Mrs. Woodard Outland, and has a host of friends in Murray. The groom is a sterling young business man, working with his father, Robert W. Erwin, in the lumber business.

Swanns Have Family Reunion

The eleven married children of J. B. Swann, Lynn Grove, Tenn., and their families were all present Sunday for a dinner reunion, the first gathering in which all the children were present in several years.

Mr. Swann himself, now past 70, was highly elated over the assembly of his children. At noon, a plentiful feast made the hour delectable for the reunionists. Inclusive of grandchildren and great-grandchildren, about 40 persons were present.

Guests were Mr. and Mrs. Chesley Cathey, Detroit, Mr. and Mrs. Taitelton Crawford, Nashville, Mr. and Mrs. Spurgeon Enoch, Paris; Mr. and Mrs. Ewen Swann, Mr. and Mrs. Otto Swann, Mr. and Mrs. Carmon Graham, Mr. and Mrs. Gus Robinson, Mr. and Mrs. Urban Webb, Mr. and Mrs. James Boyd, Mr. and Mrs. Crawford Arnett, and Mrs. Stella Furchess.

Alpha Department Meets
at Wells Hall

The November meeting of the Alpha Department of the Murray Woman's Club was held Saturday afternoon at Wells Hall with Mrs. B. F. Scherffius, Mrs. W. J. Caplinger, Mrs. Cleo Gillis Hester, Mrs. Annie H. Young and Mrs. F. P. Ingly as hostesses. Mrs. C. S. Lowry presided over the business session.

The subject for study was "Archeology." Miss Floy Robbins told of "Recent Discoveries in the New World," and Mrs. W. S. Swann's subject was "Recent Discoveries in the Old World."

At the conclusion of the program, a dainty tea course was served from a beautifully appointed table centered with a silver basket of huge chrysanthemums. Mrs. James H. Richmond presided at the coffee service.

Guests in addition to club members were Miss Ella Weidman, Miss Vera Moore of the Paducah Junior College in Paducah, Miss John W. Frost of Louisville, Miss Ruth Ashmore, and Miss Ruth Richmond.

Emma Nell Mahan Weds
Bill Steele

The marriage of Miss Emma Nell Mahan, daughter of J. L. Mahan, and Bill Steele was impressively solemnized at half past four o'clock, Saturday afternoon, November 26, in Paducah. The single ring ceremony was read by the Reverend Frank B. Jones, presiding elder of Paducah district.

The bride wore a dress of rose blue with burgundy accessories. She is a graduate of Murray Training School and attended Murray State College two years.

The groom is the youngest son of Mrs. Bernice Steele of Model, Tenn. He is a graduate of Almo High School and holds a responsible position with a leading grocery in Detroit, Mich.

After December 1, Mr. and Mrs. Steele will reside at 235 Courtland Avenue, Lyman Apartment 106, Highland Park, Mich.

Attendants at the wedding were Miss Mary-Nelle Rayburn, Sidney Waters, and Miss Grace Mahan, sister of the bride.

Misses Farmer and Jeffrey
Represent Murray in State Contest

Miss Sue Farmer and Miss Rosemary Jeffrey left Wednesday for Frankfort to represent Murray in the state beauty contest, and amateur hour which will be held at the Capitol Theatre in Frankfort on December 1. Miss Farmer and Miss Jeffrey were winners in the local contest which was sponsored last spring by the PTA.

They were accompanied by Miss Jane Jones, the 1937 local winner. Mrs. T. R. Jones, Mrs. Glen Jeffrey and R. E. Broach. They will be guests while in Frankfort of Mr. and Mrs. Harold Peace.

Quarterly Meeting To Be Held
Next Thursday

The Woman's Missionary Union of the Blood River Association will meet for the regular quarterly meeting on Thursday, December 8, at Locust Grove church, beginning at ten o'clock. Miss Betty Miller, state WMU field worker, will be the guest speaker.

This being the last quarter and the time for election of officers for 1939. All members are urged to attend.

Mr. and Mrs. John Jones
Entertain With Supper

On Saturday night, November 26, Mr. and Mrs. John L. Jones entertained with an oyster supper at their home on South Ninth street.

Covers were laid for Mr. and Mrs. Ed West, Mr. and Mrs. Boyd Wear, Pat Wear, Mary Jacqueline Wear, Ralph Wear, and Mr. and Mrs. Jones.

B. T. Bradley Is Honored On
Thanksgiving Day

A joint birthday-Thanksgiving dinner was given at the home of Mr. and Mrs. Slodd Farris Thanksgiving Day in honor of B. T. Bradley's birthday. The days was spent in conversation.

Footwashing is Still Practiced In Isolated Parts of State Counties

In isolated parts of Johnson and adjacent counties in Kentucky, some members of the Freewill and United Baptist and Holiness churches still observe the ancient custom of foot-washing, according to research workers for the Federal Writers' Project, Works Progress Administration. This little known fact about earlier Kentucky life is among a host of items of interest this research is divulging in a State-wide survey for material that will go into a series of informative guide books now being assembled by project editors.

This long-practiced custom is taken from the 13th Chapter of St. John and is an event eagerly looked forward to by these denominations, because a hundred years and more ago and on up to the turn of the century this ritual was widely followed in largely populated areas as well as in rural sections.

By word of mouth date and time for this unique worship is passed around until all members of the faith are advised, and plans are made for its observance. It is as important to these people as the changing of the seasons. Usually lasting the greater part of a whole day, the ceremonies begin on a Saturday morning, opening with a Lord's Supper Communion Service. From two to

four, sometimes five, ministers conduct the rites and by afternoon they get around to the actual foot-washing. All of the men attending line up on one side of the church auditorium and the women on the other. Each is provided with a basin of water, soap and towel and each worshiper bathes the feet of his neighbor on the right.

No frivolity attends these services. On the whole it is a sacred rite. Only members in good standing may attend or participate in the ceremonies. When over, there is a period of rejoicing for the spiritual cleansing.

SURFACE SEEING

So much beauty and talent are wasted. Hidden 'neath timidity, fear and neglect. So much gold in human ore's covered.

Covered so deeply the world ne'er suspects. So many dreams and ambitions are buried. Stuffed in hearts thought careless and cold.

So many virtues and noble ideals Are dormant 'neath fronts oft sneering and bold. So many castles are built but to tumble.

So many wagons unhitched from their stars. So many feet aimed upward soon stumble. And drift from the goal regretfully far.

Ah, so many humans find erring so easy. But so few know to forgive is divine. So many see every defect so plainly.

But overlook traits more noble and fine. Yet so much sorrow and heartache would vanish. If each his brother's keeper would be.

And if we really were acquainted. With what each wanted so to be. —By Chatterbox

How New Hair-Do's Change Famous Faces

WHAT a difference a change of hair-do can develop. With the suggestion that women should accent their good points to further advantage, Margaretta Byers, co-author of the best-seller "Designing Women," presents in the November issue of Good Housekeeping Magazine several famous women with their well-known coiffures "done over."

"Perhaps their respective publicists insist upon keeping them as they are," Miss Byers says, "but we have taken the liberty of posing them to illustrate our theories, for the benefit of women who look like them."

Fanny Brice should not be so diffident about being a guinea pig that she has been chosen to illustrate two points. A well-designed high coiffure will balance her type of chin becomingly, and it will give her face a dignity that in no way detracts from its friendliness.

Elsa Maxwell is always so obliging about being a guinea pig that she has been chosen to illustrate two points. A well-designed high coiffure will balance her type of chin becomingly, and it will give her face a dignity that in no way detracts from its friendliness.

Kate Smith probably hides a nice peak under her present coiffure. So, in the sketch it is shown to accentuate her chin and her face is built out at the temples and narrowed at the ears, giving her face and figure better proportion. It will also make her look taller.

Frances Perkins under-stands so well both herself and the precise proportions of conservatism and that she is correct in Washington that Miss Byers suggests only one alteration—tilt of the hat.

IN MEMORY

In memory of my dear sister, Bessie Sue Fielder, who departed this life October 16, 1938. I cannot say and I will not say that she is dead; she is just away. With a cheery smile and a wave of the hand.

She has wandered into an unknown land. And left us dreaming how very fair it needs must be, since she lingers there. And you—O you, who the wildest yearn.

For the old time step and a glad return. Think of her faring on as dear. And the love of there as the love of here.

Think of her still as the same, I say. She is not dead—she is just away! A sister, Nerne Fielder.

FSA Supervisor Describes Profits From Farm Plans

Dyer Believes Future of Agriculture Depends on Alertness

Many Calloway county farmers have discovered that the application of modern business methods to agriculture pays real dividends. G. C. Dyer, supervisor for the Farm Security Administration here, said today.

For generations many American farmers conducted their business in rather a slipshod manner. They figured that if they had some money in the bank when their bills were paid after harvest that they had a successful year. If they ended up the crop year in debt, then it had been a bad year. No attempt was made to keep accurate and detailed records of the various phases of their operations.

When the Farm Security Administration assumed the task of rehabilitating farm families in this county it insisted that those who borrowed money should budget their expenditures and plan their operations in such a way that they would have food for their livestock, food for their table during the winter months and so on; in other words, that they have a definite plan for the operation of their farms.

These farm plans, which are worked out by the farmer and his wife with the assistance of the Farm Security Administration's county staff, are based on the needs of individual families. There is no attempt to write uniform plans.

Each farm is given individual consideration. Everything is taken into consideration, the type of crops best suited to that particular soil, the number of livestock to be fed, the size of the family, enough cows for milk and cream, chickens for meat and eggs.

The plans also include records much the same as those used in business. At the end of the year these records show the farmer how much income he received from his various crops, the feed his livestock consumed, the average milk production of his cows, the number of eggs produced by his hens, the number of pigs raised per litter. The farmer then knows where profits were made, what crops showed a loss and where production standards should be raised.

The farmer's wife practices the same efficient business methods in her home. She buys and spends in accordance with a carefully planned budget, she keeps records of income and expenditure and conserves as much of the farm production as possible for family requirements.

More than 50 families in Calloway county are operating their farms on this planned basis, Dyer said.

WILL SENSATIONAL NEWSPAPERS GO TO HEAVEN?

"Ten thousand men are killed in battle," scream the headlines of the sensational newspapers. Below the streamer bold stories of deaths, murders, suicides, robberies, assaults, jail breakings, court ac-

tions, political elections, divorces, auto accidents, airplane crashes, and war fill the pages. Of course, most columns are devoted to business, the home, churches, education, and wholesome politics.

What chance would a sensational newspaper have in a Utopia? No politics, no mudslinging, no WPA nor alphabetical organizations, no murders, no drunkenness—in fact no crime or sensational stories at all.

So if the newspaper had a soul and followed up its hot, sensational stories, it is quite obvious as to where it would abide in the hereafter. What a grand opportunity it would have to report on all the weeping, wailing, and gnashing of teeth.—The College News.

County Dairymen Evaluate Text of Talks By Harris

State Cow Expert Sanctions Good Bulls, Good Feed

County Organizations to Sponsor Move for Bull Ownership

With the increase of dairying as a major industry in Calloway county, milk producers have been considering very carefully the texts of lectures delivered by George Harris of the dairy division of the University of Kentucky in every community in the county three weeks ago.

In his talks, Harris stressed the views that the most practical way to get higher producing cows is to breed to a pure bred bull whose dam is a high producer; to keep the herd well-fed on a good ration; and to use home-mixed rather than high-priced minerals in the feed.

In developing his points, it was Harris' opinion that heifers bred from a pure bred sire whose mother was a good producer will produce offspring that will give from 20 to 40 per cent more milk than their mothers did.

In conjunction with the county agent's department and the local milk plant, a plan has evolved which provides for an individual or group in any neighborhood to secure a young pure bred Jersey bull at a reasonable cost which would be paid over a given length of time without interest. If properly arranged and if the bull were properly cared for, according to County Agent J. T. Cochran, the owner might exchange the animal at the end of two years for a non-related bull, doing away with the necessity for buying one each two years.

According to Harris, feed, one of the most important essentials of dairying, is so cheap that a 16 per cent ration can now be made up at a cost of less than 90 cents per hundred pounds at prevailing prices of corn, bran, and cotton seed meal.

When one considers the fact, he urged, that non-digestible matter in "yellow tag" feeds comprises 15 or more per cent of the volume, it can easily be seen the advantages which would accrue from the dairy farmer's mixing his own feed.

He recommended the following combination in mixture: Four bushels or 300 pounds of corn, cobs, and shucks ground up together; 200 pounds of plain wheat bran and 100 pounds of cotton seed meal. The result, according to Harris, will be a dairy ration with 16.4 protein percentage—a feed which the University of Kentucky Experiment Station has used for years.

Concerning minerals, he said that steamed bone meal at the rate of 3 pounds per hundred of mixed feeds in a covered container like that for salt is an excellent winter addition to feed and the cost is only slightly more than two cents per pound compared with the high priced minerals.

Both officials of the milk plant and county agent's office leaders believe that dairying will be the major farm industry in Calloway county within two years.

Tigers Close Year With 33-0 Loss to Grove High School

Murray Loses Nine Games In Season, Showing Only One Victory

Murray High School's Tigers wound up their 1938 football season in Paris, Tenn. Thanksgiving Day with a dismal though not unexpected 33-0 lacing from Grove High School's undefeated and untied gridiron powerhouses.

Grove put on a powerful running and passing attack to score at will over its traditional rival. Two of the Grove tallies were made on the famous Horner brothers pass combination, with Tommy Horner on the receiving end of Billy Horner's accurate passes.

Grove scored early in the first quarter on a reverse, with right end Gilbert Hurt taking the ball across. Horner made the next three tallies, two in the second and one in the third quarter. Richard Pulley, fullback, made the final score, blasting his way through the line in the fourth quarter. Grove reserves saw a good deal of service during the last half.

Fred Holder, Grove's great center, playing his last regular game for the school, was outstanding on offense, and defense. Gingles and Patterson were outstanding for the Kentuckians in the backfield. Clyde Cridler was a standout performer in the line.

Grove marked up 16 first downs and completed three passes compared to six first downs and two completed passes by the Tigers. Thursday's victory was the 10th of the season for the Blue Devils, and it was Murray's ninth loss as well as its worst defeat in the opening game of the season. Hopkville wallowed the Tigers 32-0. The Hollandians were victorious in only one game during the season, beating Dawson Springs 13-7. Untied and undefeated, Grove is to be one of the teams in the West Tennessee playoff, probably being pitted against the Golden Bears of Jackson.

Red Cross Roll Call Drive Continues "Reasonable" Time

Mrs. Bea Melugin Stresses Importance of Funds for Use by Needy

Despite the fact that the National Red Cross Roll Drive officially closed November 25, the Calloway county chapter today disclosed through its executive officials it would continue its drive for membership a reasonable length of time in an effort to equal the response given the move last year.

Declaring that the Red Cross is the only medium for direct relief in this county, Mrs. Bea Melugin, executive secretary of the Calloway chapter, said today many persons ineligible for WPA work and yet very needy apply daily at the Red Cross offices for fuel, cover, house rent or medicine.

One aged couple, she said, had been able to live without help until the wife became ill. They had no one to nurse her and the man had to quit his job in the tobacco barn to stay with her. Red Cross aids took over the case and looked after them until the wife was able to stay alone.

She cited other cases, many of them synonymous with direct aid to sufferers. First aid, life saving, Red Cross in schools, assistance to war veterans, preparedness in the face of disaster—those she maintained, were qualities which the local chapter of the Red Cross is noted for and will continue to administer.

"Services of the Red Cross are available to any one needing them throughout the year," she averred. "Donations and memberships make this possible. Fifty cents of each dollar membership remains in the county. We cannot lend enough support to an organization such as this."

Additional financial reports from the Red Cross Drive made known the Murray Wholesale Grocery Company has donated \$10.00, and Lynn Grove and Kirksey High schools have a 100 per cent membership.

Additional memberships since last week are Mrs. B. C. Swann, Mrs. Curtis Crouch, Mrs. Lee Clark, Mrs. Nix Harris, Swann & Miller, Ford & Story, W. S. Swann, F. B. Crouch, G. R. Crouch, Fred Pogue, Buron Jeffrey, Mrs. Buron Jeffrey, Miss Ann Herren, Mrs. A. A. Doherty, Bobbie Grogan, Dulcie Mae Swann, Mrs. Opal Hale, Mrs. Delton Dodds, Mrs. Mollie Rogers, Mrs. F. B. Murray State College placed three men on the all-KIAC football first team as compiled by the Associated Press. No other state team placed more than two players on the first team.

Murray's starting positions were Claude McRaven, halfback; Dale Deibert, co-captain and end; and Pete Gudauskas, tackle.

Murray placed three men on the all-six squad, Centre, Western, and Morehead two each, and Transylvania and Georgetown one each.

Murray honorable mentions were Love, end; Morris and Brandes, tackles; Neese, guard; Applegate, guard; Putnam, center; Yarbrough, halfback; Jasper, halfback; Mitchell and Lee, fullbacks.

Panepinto, tackle, and Triplett, guard, were the only men Western placed on the all-State first team. Only two Murray players made the first team on the Courier-Journal all-State squad. They were Pete Gudauskas, who was picked at tackle for his second consecutive year, and Claude McRaven, fleet backfield ace who made the second team last year. Dale Deibert was picked at end on the second team. Courier-Journal honorable mentions were Love and Atwell, Murray ends; Morris, Murray tackle; Applegate, guard; Mitchell, quarter; and Yarbrough, halfback.

Skill tests for typists and stenographers who passed their written tests in the recent merit examinations conducted for the Kentucky State Unemployment Compensation Commission were held Saturday, November 26, C. T. Edleson, Commission, announced today.

Oral examinations for those persons who are seeking posts with the Commission in either administrative or semi-administrative positions were held during the week of November 26. Tests for machine operators other than typists, will not be held until appointments are ready to be made by the Commission, skill in machine operation being one of the qualifying tests for permanent appointment to a post with the Commission.

Livestock Show Opens in Chicago
Herds of purebred farm animals were sent to Chicago last week from farms and ranches in 29 states and three Canadian provinces for the 39th International Live Stock Exposition in Chicago. It opened in the Chicago International Amphitheatre Saturday and will continue daily through December 3.

The 20th International Grain and Hay Show, an annual feature, drew exhibits from growers in 30 states, six provinces of Canada, and Australia; and all but three states were represented in the fifth National 4-H Congress held in connection with the live stock show.

County Gets 1,956
Acres For Cotton
During '39 Season

Vote on Both Cotton and
Tobacco Quotas to
Be Held Soon

Acres allotted to cotton in 1939 on the Agricultural Conservation Program totals 1,956.6 acres, according to Ollie W. Barnett, soils secretary, who indicated further allotments would probably be received.

No poundage modification has yet been made, and if such allotments come, their arrival will be near marketing time, Barnett said.

Individual allotment amounts were worked out from the ACP office Monday.

Southern and western farm communities are completing plans for recording the vote of cotton and flue-cured tobacco farmers on application of marketing quotas to their 1939 crops.

Upwards of 2,000,000 growers are expected to cast ballots, the results reflecting a decision after one season's experience with federal restrictions on marketing.

Cotton growers looked back on a mediocre season and a current quotation for cotton at around 8.5 cents a pound. Flue cured tobacco growers fared better, but there have been rumblings of dissatisfaction, particularly in Georgia and North Florida.

Two-thirds of those voting must approve quotas if they are to be effective. Marketing restrictions are separate, however, from the voluntary control exercised upon approval of growers.

Farmers in Alabama, Arizona, Arkansas, California, Florida, Georgia, Illinois, Kansas, Kentucky, Louisiana, Mississippi, Missouri, New Mexico, North Carolina, South Carolina, Tennessee, Texas, Oklahoma and Virginia will vote. Simultaneously with the vote on cotton marketing quotas, tobacco growers in Alabama, Florida, Georgia, North Carolina, South Carolina and Virginia will decide the same question for their crop.

In the vote for cotton quotas this year 1,527,028 farmers marked ballots and 92.1 per cent favored quotas. In the tobacco referendum, 255,095 farmers voted, 86.2 per cent supporting the quota system.

Should the quota plan be rejected, the conservation phase of the farm program would remain. A secret ballot will be used in the voting.

Some Pork! Some Lard!
Robert V. Parker, near Cherry, butchered two hogs last Wednesday that weighed 1900 pounds. They were one year old, and one weighed 570 and the other 320 pounds. The two made 47 gallons of lard.

In Nicholas county, two farmers cooperated to buy a carload of western black-faced ewes.

Many Hickman county farmers are having soil tests made with a view to gradually improving their land.

Christmas Seal Campaign Gets Under Way in County

Dr. J. A. Outland Stresses Need for Eradicating Tuberculosis

Dr. J. A. Outland, chairman of the Christmas seal campaign in Calloway county, completed extensive and organizational campaigns this week toward the annual sale of Christmas seals and the eradication of tuberculosis.

With the gloomy reminder that tuberculosis kills 70,000 people in the United States each year—17 times as many as are killed by typhoid or diphtheria—Dr. Outland said it was a regrettable feature of modern society that many cases of tuberculosis go unnoticed and unreported. He urged that persons buy Christmas seals, thus contributing funds toward the fight on the disease.

"Somehow we do not seem to realize that tuberculosis, like diphtheria and typhoid, spreads from the sick to the well, and that by caring for the sick, protecting them in the sanatorium, those who are well are likewise protected. Our responsibility," he said, "is plainly to find those who are sick with tuberculosis and prevent them from spreading the disease to others."

Bishop William T. Manning of the Episcopal Diocese of New York today endorsed the thirty-second annual Christmas Seal Sale of the National Tuberculosis Association which opened last week. Bishop Manning's statement, made public by Dr. Kendall Emerson, managing director of the Association, follows:

"There is great need for every effort for the stamping out of tuberculosis which still claims so many victims each year. I hope most earnestly that the Christmas Seal Sale Campaign may add largely to the funds for this purpose."

The Federal Council of Churches of Christ in America sent an endorsement to the Association through its general secretary, Samuel McCrea Cwert of New York, which reads:

"Among all the humanitarian causes I know of none makes a more widespread appeal in all denominations than the fight against tuberculosis. It is especially gratifying that through the plan of the Christmas Seals the support for this movement can be made a matter of individual responsibility and give millions of people an opportunity to feel that they are having a real part in a great crusade for human welfare. In behalf of the Federal Council of the Churches of Christ in America, I endorse the sale of the Christmas Seal wholeheartedly."

Herbert S. Goldstein, president of the Rabbinical Council of America, also endorsed the campaign. He said:

"I am happy to endorse the Christmas Seal Campaign and to wish the National Tuberculosis Association every success in its important undertakings."

a la the Partridge

The hunting season is always one of unique thrills. Never is the heart-pounding glow the same when the killer instinct flames, but whatever its type it is universally distinct and vibrant.

The whir of partridges rocketing from concealment; the bark or the leap of a squirrel, the still sculptor-like pose of a setter on the freeze, the dart of a cottontail from a sage clump, the music of dogs on the trail of Reynard, the thunder of the gun and the recoil against the shoulder, the sudden breathless explosion of thrill as the prey falls, the smell of powder, the return, and the warm fire—those things help to make hunting an intense pleasure.

And it is symbolical of the gravitating plane on which the great American pastime is resting that fewer accident victims are counted upon the ledger each year. The days of the careless huntman are becoming obsolete.

And it is well that this is true. Game is no longer plentiful as it once was. The exercise of care—especially in regard to livestock which might be in range of gunfire—has lessened a great deal the landowner's traditional dislike for hunters to roam over his property.

He now is assured his property rights will be respected; that his cattle or his horses will be safe; his fences will not be bothered; and his game will not be thoughtlessly nor completely destroyed.

Hunting has become a commendable sport. Let's keep it that way.

Lassiter Barn Burn on Friday

Fire early Friday night destroyed the barn of Purdon Lassiter in the Elm Grove community, burning hay and corn valued at more than \$1000.

The loss consisted of 90 barrels of corn, 400 bales of hay, farming implements and harness. The 16 head of live stock were saved by the efforts of Gentry Lovett and Jess Parrish. Lovett was knocked down by a mule, but stayed on the job until the last one was safe. The building was partially covered by insurance, but there was no insurance on the contents.

MEMORIAL BAPTIST CHURCH

The Sunday School will open promptly at 9:30 o'clock. All of those who are not attending Sunday School already are cordially invited to study with us.

Morning worship at 10:30. The pastor's sermon subject will be: "DISTINCTIVE BAPTIST DOCTRINES." There are not as many really distinctive Baptist doctrines as we might think at first. Many of the great doctrines we hold are held by other religious groups. But there are some glorious doctrines of the Bible that are distinctive Baptist. What are they? These we shall seek to present in next Sunday's message.

Evening worship at 7 o'clock. Please note change of time for evening service. The sermon subject will be, "THE PRODIGAL SON." This will be the first of a series of three evangelistic messages on this beautiful parable of Jesus. The messages will be as follows: "The Prodigal's Father" and "The Prodigal's Elder Brother."

Prayer meeting each Wednesday evening at 7 o'clock. Teachers' meeting after prayer service. All Sunday school officers and teachers are urged to attend.

We are grateful for the splendid offering for our building fund that came in Thanksgiving morning. If there are those who want to have part in this work and were not able to be at the service Thursday, they are urged to bring their offering next Sunday, or any other time, for there will always be a place for it.

Visitors are always welcome at all of our services.

Carroll Hubbard, Pastor.

METHODIST CHURCH NOTES

Sunday, December 4, 1938

At the morning worship hour the pastor will preach a short sermon on "Leadership," following which the monthly sacrament of the Lord's Supper will be observed. At this communion service the Board of Stewards will be honored. They will be served last instead of first and following the benediction the stewards will stand at the chancel and the members of the congregation will give to them the hand of cooperation and assurance.

The stewards have an arduous task and need the full cooperation of the entire membership. At the evening service the pastor will preach on "Man's Sovereignty" from the text "Have Dominion." Sometimes we fail to realize the high estate to which God has called us.

The Sunday School at 9:30 affords to all an opportunity for both development and worship. Mr. C. A. Hale will give you a warm welcome and assign you to the proper class.

The children and young people in their work give your child an opportunity to develop initiative and character. The children need the training that comes from these meetings.

The board of stewards will meet on Monday night at the church at 7 o'clock. The Women's Missionary Society meets on Tuesday at the church at 2:30 o'clock. Every woman of the congregation should be a member of this society.

The churches of Murray extend a cordial invitation to those moving into our midst to unite themselves with God's people. All of these churches are trying to lead you to a better life. Find your place of service and worship in one of them.

J. Mack Jenkins, Pastor.

Lighted Baton is Presented Mayor For Murray Band

Mayor George Hart last week received a lighted baton from the Trade Relations Division of the Memphis Chamber of Commerce, with the request he give the baton to leaders of the Murray College band with the compliments of the Memphis business men.

A part of the letter written by Marshall J. Smith, director, which accompanied the baton, read: "You surprised us last Friday by having the State College band at the station to greet our Know Your Neighbor delegation. We had not expected this band and were not prepared to properly remember them. However, we believe that you have this time also received a surprise, for we have had a lighted baton sent to you from Memphis. We wish you would present this baton to the leaders of the band at the college with the compliments of the Memphis Chamber of Commerce, Trade Relations Division, which sponsored the Know Your Neighbor trip."

"Today I had a man stop me on the street and remark on the quality of your band, and others are still talking about the 'rocking chair formation' which the band used in the game between Southwestern and the Thoroughbreds."

During the months of March and April of this year, the State Division of Game and Fish distributed 12,000 quail to 95 counties of the 120 in Kentucky, the largest number of birds to be distributed since 1919. The birds were released in pairs and, according to report sent in by Conservation officers and sportsmen from throughout the State, have raised many coveys.

Although in Calloway it'd be a regular quail glutton who'd want to exceed the daily bag limit of 12 and to have in his possession more than 24 birds at once, still there's a law which limits the day's work to three shells.

A new game law also states that bird hunters must have all shot guns plugged with a solid wooden or metal plug in such a way that the gun will hold not more than three shells.

Kelsie Cummings May Be Candidate For State Senator

Kelsie R. Cummings, Princeton school teacher, was in Murray Friday "feeling out" sentiment concerning his running for Senator from this district in the next State election.

He said he was making his investigation with the idea of being a candidate only if incumbent Senator T. O. Turner decides to retire. Senator Turner has made no statement about his intentions for another term.

Cummings was a member of the second graduating class at Murray State College and formerly was an instructor there.

Hunting Season Gets Off to Good Start Thursday

Quails Are Plentiful Reports Declare; Bag Limit 12 Birds Per Day

With the opening of the 1938 hunting season Thanksgiving Day, hunters braved rigorous north winds and snow flurries to indulge in their favorite sport.

With guns under arms and over shoulders and dogs roving like ferrets through the stubblefields and woodlands, khaki-clad roamers deluge tramped the farmlands on the trails of the wily partridge and elusive hare.

Both were and are plentiful in Calloway — notwithstanding that first day's onslaught, but no self-respecting quail will feel safe again until January 9 when the season officially and legally ends.

Behind the Scenes in American Business

NEW YORK, Dec. 1.—BUSINESS—Arrival of Old Man Winter, last week, with some localities reporting a foot or more of snow, brought cheer to retailers. Previous warm weather this fall has hurt sales in some lines. The day following Thanksgiving, however, saw heavy demand for overcoats, men and women's winter suits, children's snow suits, heavy gloves and the other paraphernalia with which Americans fight wintry blasts. Retailers became enthusiastic overnight, predicting that Christmas sales this year will be greater than last. Consumers will benefit also, since prices are down about 7 per cent on the average from 1937.

WASHINGTON—Through making few sensational headlines, a Senate Committee is now digging into facts behind the profit-sharing systems used by some of the country's largest companies. The Committee's aim is to learn how a sound basis can be provided for improving relationships between employers and workers generally. An official of Procter & Gamble Company, describing the "method" his firm uses to aid workers in purchasing stock in the company, said that operation of the plan had reduced labor turnover to around one-half of one per cent. This witness, however, testified strongly against the practice of substituting profit-sharing schemes for wage increases, which he insisted are an entirely different matter.

VOLUME AND PROFITS—An important message for department store operators can be found in the National Retail Dry Goods Association's recent study of the relationship between sales and profits in 30 departments of 300 stores. Sales volume, it develops, is more

important to the merchant than gross profits. Only two of the five departments showing the biggest profits were able to report net earnings. Significantly enough, the stock turnover in both of these departments was far above average. On the other hand, four of the five departments at the bottom of the list in regard to earnings turned in handsome profits because they too had above average sales volume.

RUBBER BALL.—Sixty-eight years ago, the Chamber of Commerce of the ten small but ambitious town of Akron in Ohio, hearing that a Civil War surgeon in New York was looking for a new factory site, issued an invitation urging him to consider the natural advantages of Akron before choosing a location. Akron's invitation was accepted by Dr. Benjamin Franklin Goodrich, and the first page in the history of a great American industry was written. Impressed by the Goodrich example, dozens of other rubber companies have made Akron their headquarters.

This week the Akron Chamber of Commerce is issuing more invitations—this time to a huge and colorful "Rubber Ball" to dramatize its position as rubber's key city. From decorations to costumes, trappings of the "Rubber Ball" will be fashioned from rubber products a demonstration of the tremendous adaptability of this indispensable part of modern life. Personifying the six decades of progress of the industry which has made Akron the rubber capital of the world will be the presence of David M. Goodrich, son of the founder of Akron's first rubber company and now chairman of the board of the 68-year-old organization. With the guest list reading like an industrial "Who's Who," Akron's "Rubber Ball" is another demonstration of the ingenuity which has made the name of the Ohio city famed the world over.

Beware Coughs from common colds—That Hang On

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germs laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

A "NEW" HOTEL in Louisville!

Unless you've been to the Brown Hotel in recent weeks, you've got a surprise coming to you! For during the summer we redecorated every one of our 700 rooms—built a virtually new Ballroom—made dozens of alterations that will add tremendously to your pleasure and comfort while you're in Louisville!

And the result is that today, even more than in the past, the Brown is the outstanding hotel in Louisville. . . . We're looking forward to showing you what we've done.

HEADLINES IN NEW YORK—Cotton mill production creeps to high peak since September, 1937. Construction contracts to total \$3,500,000,000 next year compared with \$3,200,000,000 in 1938. F. W. Dodge Corp. estimates. . . . Looking over the earnings reports: higher—H. F. Wilcox Oil & Gas and First National Stores; lower—Brown Shoe and Pet Milk. . . . Freight carloadings exceed 1937 for first time this year. . . . Weekly output of electric power expected to surpass last year's record within a month.

Sinking Spring News

Glad to report Noel Patz as slowly improving from an attack of pneumonia.

Brother Lawrence is still at Memphis with his father, Barney Lawrence, who underwent an operation Saturday morning at 8 o'clock. On account of Brother Lawrence's absence the Rev. J. M. Story filled the pulpit at this place Sunday morning. A large crowd attended Sunday school and church services.

We lost two of our fine church members last week. Pat Orr passed away at the Clinic Hospital Friday morning after a 3 weeks' illness of pneumonia. Brother J. J. Gough, our former pastor, conducted the funeral services at this place Saturday morning at 11 o'clock. Mr. Orr was 64 years old and had been a faithful member of this church for a number of years.

The death of Clay Orr came as a shock to his many friends of this community and church. He had been sick for only one week. He took flu which later developed into pneumonia and passed away early Saturday morning. Funeral services were conducted Sunday afternoon at 3 o'clock by the Rev. J. J. Gough. Mr. Orr was 29 years old. He united with this church in July of this year and has lived a very devoted Christian life since. He is survived by his widow, Mrs. Eufalia Arnett Orr and two small children, David Arnett, age 5, and Emma Bryon, 1. Burial services were in the church cemetery.

Mrs. Betty Erwin remains seriously ill at her home.

Mrs. Vick Miller is not so sick this week.

Mr. and Mrs. Joe Erwin of Detroit announce the arrival of a baby daughter, Nancy Mae. Mrs. Erwin was before her marriage Miss Lucy Outland of this community.

Mrs. Betty Key has returned to her home after a three weeks' visit.

it with her grandson, T. A. Key, and Mrs. Key of Detroit.

The Girls' Auxiliary will meet at the home of Miss Wilma Harris from 10 a. m. to 3 p. m. next Saturday, December 3. All members are cordially invited.

Mr. and Mrs. Hansy Paschall, Mr. and Mrs. Glenn Edd Paschall and son and Mrs. Bess Wilson and son were Sunday visitors of Mrs. S. V. Miller.

Mr. and Mrs. John Warren were Sunday dinner guests of Mr. and Mrs. Garnett Morris.

Rebecca and Ivanell Wilkerson spent Friday night with their grandparents, Mr. and Mrs. H. S. Wilkerson and daughter, Margie.

Isosetta Morris was Sunday dinner guest of Robbie Fay Richardson. Jimmy Boyd took dinner with Mr. and Mrs. Cletus Richardson. Mrs. Richardson is his Story Hour teacher.

We had with us at this church last Wednesday night two very inspiring ministers, the Rev. Mr. Lovett from the mountains of Kentucky and Rev. Patsy Dennison of Greensburg, Ky. Brother Dennison spoke first on his personal experience. He said he was the oldest of 24 children, all having the same mother and there were six sets of twins. He was born on the sea, weighing 2 1/2 pounds at birth and weighed 247 pounds at 21 years of age. Now at the age of 75 he still weighs 247 pounds. He was reared a Catholic, and to his shame, a Catholic priest. He was converted November 15, 1908, and a short time afterward God called him to preach. He has stood in every capital in the United States, with the exception of one. He has been in Canada and almost all the foreign nations.

After Brother Dennison's talk Brother Lovett preached which everyone present enjoyed. I wish the church could have been full to have heard them both but the

men of this church and community met at the church recently and covered the churchground with gravel. There were 90 loads hauled and enough pitchers at the pit

bad weather and misunderstanding hindered quite a few from attending.

There were 171 present for Sunday school and an unusually large crowd attended preaching service. We had many visitors present and they are welcomed back from time to time. We were glad to see Mrs. Alice Ellis back at church again. Brother Lawrence left immediately after service for Memphis with his father where Mr. Lawrence is expected to undergo a major operation some time this week. They were accompanied by Gary and Connel Myers.

On account of so much bad sickness, our attendance fell down some in the Training Union. Mrs. Rhoda Morris and Mrs. Adell Richardson, teachers of the Story Hour, sponsored a very interesting program. There were 19 of the little class present and six absent. The roll call was answered by Bible quotations. The little pupils asked each other questions and they were all readily answered. A song, "Jesus Loves Me," was sung by Hilda Fay Galloway, Bettie Underwood, Hugh Thomas Wilkerson, Clara Elaine Parks, and Lila Myers. A song, "I Washed My Hands for Jesus," by Rita Lou Perks and "Old Time Religion" by little Bobbie Key. At the close Rudolph Howard prayed.

Ivanell Rakestraw of Mississippi has been visiting Harve and Larue Armstrong the past week. They honored her with a party at their home last Wednesday evening. Those present were Maurita Morris, Isosetta Morris, Altie Long, Pearl Cathcart, Rebecca Wilkerson, Ivanell Wilkerson, Ivanell Rakestraw, J. C. Armstrong, Harve and Larue Armstrong and Mr. and Mrs. Connie Armstrong.

Ivanell and Rebecca Wilkerson spent Wednesday night with Pearl Cathcart.

Mr. and Mrs. Urban Webb are happy to announce the arrival of a baby daughter, Jo Ann, on November 8, at the Clinic. Mrs. Webb was before her marriage Miss Marguerite Swann and for a number of years pianist at this place. Miss Eva Wilkerson left Monday afternoon and hurt herself and has been suffering from a nervous breakdown.

James Brandon happened to a painful accident while chopping wood, the ax hit him on top of the head and cut to the skull, but he is recovering nicely.

The men of this church and community met at the church recently and covered the churchground with gravel. There were 90 loads hauled and enough pitchers at the pit

that a wagon could be loaded in 42 seconds. The place was covered with men spreading gravel and several wagons and teams. "Uncle" Johnie Myers worked all day. We are all proud that the ground is covered with gravel.

Mr. and Mrs. Hunter Wilkerson and daughter, Margie, Mr. and Mrs. Will Riley Furchess and children, Harry and Mary Beth, and Harold and Halton Wilkerson were Sunday visitors of Mr. and Mrs. Tom Wilkerson and children.

There were 90 attending the study course and 65 took the examination, all of whom made passing grades.

A woman's husband said, "Look out woman you'll fall and break your fool neck." I read in South Reporter that schools were dismissed six weeks to pick cotton over in Mississippi. When I was a boy, we had 4 months' free school. I had to stop to work, suck and house tobacco one month, then a month to sow wheat and gather corn, then another month to "get up" the winter's firewood! Dominating, captivating sweet Cornelia May!

Chatterbox across the waves, an irregular "lith" Jewess! What a paradox, my dear. About 20 years ago old fiddlers' contest was begun at the school houses. Now the "old" is not in it. Just a vocal quartet, speeches, recitations, string bands and tap dancing contests. We used to play violin solos, Divie, Soldier's Joy, Bonny Blue Flag, Just Before the Battle, and Ole Molly Hare. Logan Believes Hager Would Be Good Governor

WASHINGTON, Dec. 28.—Senator M. M. Logan of Bowling Green, Ky., believes Lawrence Hager, Owensboro newspaper publisher, "would be a good candidate for Governor if all the elements in the party could agree on him." Hager has been mentioned prominently in Kentucky as a possible candidate for the Democratic gubernatorial nomination next year.

Lieut. Gov. Keen Johnson of Richmond, publisher of the Richmond Register, already has the announced support of Gov. A. B. Chandler for the Governorship. Should Be Acceptable.

"There isn't a finer man in the State than Lawrence Hager," Senator Logan said. "He should be acceptable to the Lafoon-Rhea faction and ought to be satisfactory to the Barkley group." Provided there were no other candidates from the anti-Administration group, Logan added "Hager could beat the Administration candidate."

The Senator said he doubted, however, that Hager would have the field to himself. "I understand Mr. Brown is insisting he will run," he said. He referred to Former Representative John Young Brown of Lexington who assisted in Senator Barkley's primary campaign last year. It was the Hager mentioned, who as District Governor of Rotary spoke before the Murray organization during the last week in October.

Training School

Three new systems have been inaugurated for the honoring of students at graduation. The first is a system in which a student is given points for all extra activities in which he participates.

The second is an honor system in which a student is given points for holding high offices, either scholastically or athletically, or participating in state contests. In the third system the students are rated upon three major titles, namely: preference in work and play, character and tact. The use of this plan is to give the student more recognition for work not required.

The Colts won their third consecutive net game of the season, November 23, defeating Dublin 52-10. Gene Graham was high point man with 15 markers. Two games were scheduled this week, one with Almo Tuesday and one with Hardin Friday night.

The process several centuries old by which champagne is given its sparkle, will be demonstrated in the Wine Temple at California's World's Fair in 1939.

Around Paschall School

Hello readers, I wonder if we all welcomed old man winter in last Thursday when we awoke and found our first snow on the ground. It was a beautiful Thanksgiving morning with housetops, the ground and evergreens covered in snow. I'm sure we could all find plenty to be thankful for.

Death came to Olden Orr Friday morning and the body was laid to rest in Sinking Springs cemetery. The Rev. J. J. Cough of Benton was in charge of the funeral. The floral offering for Mr. Orr was very beautiful.

People of this community as well as other communities were very much saddened when they heard of the death of Clay Orr Saturday morning. Mr. Orr had double pneumonia and lived only a few days. He leaves a wife and two small children; a father and mother, Mr. and Mrs. Ben Orr, and several sisters and brothers to mourn his going. Our sympathy goes out to the bereaved family.

The death angel visited the home of Logan Bruce Saturday and took from it the companion and father, with his first new blue denim overalls on.

Misses Clover and Lucile Carrell spent part of last week with their brother, Fred Carrell and Mrs. Carrell.

Mrs. Dick Miller was in the home of her brother, Doris Orr, and Mrs. Orr, of Bruceton, Tenn., last week and attended the funeral and burial of Doctor Hicks of Bruceton and formerly of Hazel. We regret the death of this fine man.

Mr. and Mrs. Orie Key attended the funeral of Logan Bruce. Mr. Key was in charge of the song service for the funeral.

Mrs. Porter Charlton fell Saturday afternoon and broke a rib. Hope this causes nothing serious and she improves rapidly.

Misses Martha Nell and Roma Sue Morris I received your letters and was very glad to hear from you. Roma Sue I thought your letter was excellent for a little 6-year-old girl. Being in the second grade, I think it grand. The school teacher near me complimented your letter.

Jack Humphreys killed hogs Saturday and Norton Foster killed hogs last week, also Hanz Paschall and Abby Phillips butchered hogs last week.

Curtie Holley finished gathering corn Saturday.

Robbie Jones celebrated his birthday the 28th. He had fish potatoes seasoned with fried meat grease for dinner.

Dewie Hall of Fort Knox, we also thought of your birthday the 27th and hope you had a nice time.
